

भारत 2047

POLICY, GOVERNANCE & TECHNOLOGY FOR A GLOBAL SUPERPOWER

**THEME : SHAPING INDIA'S JOURNEY TO
GLOBAL SUPERPOWER BY 2047**

DATE: JUNE 19- JUNE 20, 2025
VENUE: VIGYAN BHAWAN, NEW DELHI

"The goal of a Viksit Bharat is not just a vision for the future, but a resolution for today. Every sector must contribute, and every citizen must participate."

– Hon'ble Prime Minister of India Shri Narendra Modi

Welcome To GCTC'S "BHARAT 2047: Policy, Governance & Technology for a Global Superpower"

Dear Colleagues,

It is my great honour and privilege to welcome each of you to the national conference on BHARAT 2047: Policy, Governance & Technology for a Global Superpower, being held on June 19–20, 2025, at Vigyan Bhawan, New Delhi.

As India stands on the threshold of its centenary of independence, this conference is a clarion call for bold vision, strategic collaboration, and transformative policy action. Anchored in the national vision of Viksit Bharat @2047, this forum brings together the finest minds from governance, industry, diplomacy, science, and civil society to help shape India's future as a secure, innovative, and globally respected superpower.

Over these two days, we will deliberate on the most critical levers of India's long-term development—governance transformation, sustainable infrastructure, climate resilience, technological innovation, strategic security and youth leadership. Equally vital is economic and financial sovereignty, which will define our ability to steer national destiny independently in an increasingly multipolar world. From capital market reforms to fintech diplomacy and green finance, these themes are central to building a resilient and self-reliant Bharat.

The Global Counter Terrorism Council (GCTC) is privileged to convene this strategic platform, where dialogue meets action and vision translates into commitment. We believe that by bringing together diverse voices and sectors, this conference can contribute meaningfully to India's centenary journey—one marked by inclusive growth, secure borders, technological supremacy, and economic independence.

We look forward to your wisdom, your participation, and your continued partnership in building the Bharat of tomorrow—Viksit, Atmanirbhar and Globally Influential by 2047.

I look forward to meeting you in-person in the Conference!

Warm regards,

Aditya Tikoo

Convener

Global Counter Terrorism Council (GCTC)

From Patron's Desk

It is with immense pride and optimism that I welcome you all to this landmark conference on “Bharat 2047 – Policy, Governance & Technology for a Global Superpower.” This gathering is more than a symposium of ideas - it is a celebration of India’s journey, a platform for collaboration and a clarion call for bold, future-forward action.

As we stand at the threshold of a transformative era, preparing for the centenary of our Democratic Republic, this conference arrives at a defining moment. We are a nation of ancient wisdom and youthful energy, of enduring values and cutting-edge innovation. The path to becoming a global superpower is not merely a possibility - it is a responsibility we carry for future generations.

To our partners and supporters, I extend heartfelt gratitude. Your commitment and collaboration embody the spirit of Viksit Bharat- bold, forward-thinking and inclusive. Your belief in platforms like this is not just appreciated; it is foundational to national progress.

To our delegates, your presence reflects a deep commitment to shaping the India of tomorrow. And to our supporting partners and collaborators, your contributions are the very bedrock of this initiative- enabling ideas to move from vision to action. To all the participants, speakers, and young changemakers, you represent the energy, imagination, and resolve that will power Bharat’s rise as a true global superpower.

In the spirit of co-creation and national service, this conference seeks to build bridges — across sectors, generations, and geographies — to unlock India’s full potential. Let us use this moment not merely to discuss the future, but to design it. I congratulate the Global Counter Terrorism Council and its partners for organizing this timely initiative. I am confident that the insights and outcomes from this conference will contribute meaningfully to India's long-term strategy, enabling us to emerge as a beacon of democracy, innovation, and resilience on the world stage.

Jai Hind.

Kind Regards,

A handwritten signature in blue ink, appearing to read 'Suresh Prabhu'.

Chancellor-Rishihood University

ABOUT THE CONFERENCE

As India approaches 2047—marking 100 years of independence—the nation stands on the threshold of a historic transformation. The journey of Amrit Kaal is more than a temporal milestone; it is a generational opportunity to envision and build a Viksit Bharat—a developed, secure, sustainable, and globally respected India.

The national conference on BHARAT 2047: Policy, Governance & Technology for a Global Superpower, hosted by the Global Counter Terrorism Council (GCTC), aims to align India's national aspirations with global leadership potential. This high-level platform will bring together ministers, secretaries, policy leaders, technologists, entrepreneurs, defence experts, diplomats, and thought leaders to co-create a future-ready vision.

Across two days of keynote sessions, thematic panels, strategic roundtables, and special addresses, the conference will focus on harnessing India's unique strengths—demographic advantage, digital infrastructure, entrepreneurial spirit, and geopolitical stature—to shape a secure and prosperous Bharat by its centenary year.

Why Bharat 2047 Matters

As India stands at the threshold of its 100th year of independence, the opportunity to reimagine its national identity, global role, and future readiness has never been more urgent—or more promising.

Bharat 2047 is not simply a date on the calendar. It is a generational commitment to building a confident, secure, innovative, and globally respected superpower.

Alignment with Viksit Bharat @2047

The conference is aligned with the Hon'ble Prime Minister's national vision for Viksit Bharat @2047—a roadmap that calls for transforming India into a fully developed nation by its centenary. This includes bold strides in:

- Economic empowerment and financial sovereignty
- Digital public infrastructure and tech-driven governance
- Climate-conscious and resilient development
- Strategic autonomy and global leadership
- Youth-led innovation and inclusive growth

Purpose of the Conference

The BHARAT 2047 conference is designed as a high-level national platform to:

- Shape India's long-term transformation strategy through policy, governance, and technology
- Catalyze collaboration between government, industry, academia, civil society, and international institutions
- Drive sector-wise dialogue and policy input for India's centenary development agenda
- Launch the Bharat 2047 Charter—a strategic policy blueprint capturing actionable priorities and national aspirations

Key Event Formats

To deliver this vision, the conference will feature:

- Sessions with ministers, secretaries, global experts, and industry leaders
- Sectoral Roundtables engaging domain specialists, state leaders, and startup ecosystems
- Spotlight Talks & Fireside Chats exploring strategic tech, economic, and diplomatic themes
- Youth Forums & Startup Showcases highlighting India's next-generation innovators
- Valedictory Session & Launch of the Bharat 2047 Charter—a landmark declaration of shared goals for the next 25 years

Our Partners:

CONCEPT NOTE

India @100: A Moment of Possibility and Responsibility

As India approaches the centenary of its independence in 2047, the nation stands at a defining juncture—armed with deep civilisational wisdom, a vibrant democracy, and a bold vision for the future. This milestone, India @100, is not just a celebration of past achievements but a strategic opportunity to shape the nation's destiny in a rapidly evolving world.

India has emerged as a global growth engine, a hub of digital innovation, a force in climate diplomacy, and a trusted partner in international affairs. Yet, to realise its full potential as a Viksit Bharat, it must navigate complex policy challenges, reimagine governance structures, and empower its 1.4 billion citizens to be not just participants but co-creators of national progress.

Amrit Kaal: The Next 25 Years of Transformation

The Hon'ble Prime Minister of India Shri Narendra Modi has termed the period from 2022 to 2047 as Amrit Kaal—a 25-year era to drive bold policy reforms, technological leadership, and global partnerships. This is a convergence point where democracy, demography, and digital delivery can together script India's global ascendancy.

In this era, India must ensure:

- Agile, transparent, and tech-enabled governance
- Economic and financial sovereignty
- Green and inclusive growth
- National and cyber security resilience
- Strategic autonomy in global diplomacy

The time to act is now. The path to 2047 must be laid with urgency, foresight, and collaborative commitment.

The Role of Governance, Youth, and Digital Leadership

India's transformation will be powered by three critical levers:

- Governance that is transparent, decentralized, data-driven, and citizen-centric
- Youth leadership that brings disruptive ideas, digital fluency, and entrepreneurial energy
- Digital public infrastructure that scales inclusion, service delivery, and national capability

Together, these forces can drive a Bharat that is self-reliant yet globally connected, rooted in tradition yet future-forward.

The Bharat 2047 Charter: A Strategic Output of the Conference

The conference will culminate in the release of the Bharat 2047 Charter—a flagship declaration capturing:

- Sector-wise policy priorities
- Strategic technology and governance recommendations
- A national action agenda aligned with India's long-term developmental vision

This Charter will serve as a living document of India's intent, innovation, and institutional resolve. It will be submitted to key stakeholders across ministries, state governments, strategic partners, and youth leaders—forming the backbone of collaborative nation-building.

“The Bharat 2047 Charter will serve as the summit's strategic output—converting conversations into commitment, and vision into velocity.”

PILLARS OF FOCUS

The BHARAT 2047: Policy, Governance & Technology for a Global Superpower conference is built around several key pillars that are essential for realizing India's transformation into a global superpower by 2047. These pillars form the foundation of discussions, strategies, and initiatives that will shape India's future. The conference will address these pillars in-depth, focusing on the following core areas:

1. **Governance & Administrative Reform:** Evolving governance systems to drive efficiency, transparency, and AI-driven decision-making.
2. **Economic Resilience & Global Competitiveness:** Policies to foster sustainable economic growth, inclusive finance, and global trade.
3. **Technological Innovation & Leadership:** Leading in AI, quantum computing, and semiconductors to secure a competitive edge in the digital economy.
4. **National Security & Cyber Resilience:** Strengthening cybersecurity and national defense with cutting-edge technology and resilience strategies.
5. **Sustainability & Climate Action:** Decarbonization, green finance, and climate-resilient infrastructure to ensure sustainable growth.
6. **Health, Wellness & Social Prosperity:** Building a robust healthcare system, digital health ecosystems, and advancing global health diplomacy.
7. **Infrastructure & Mobility:** Modernizing infrastructure, logistics, and transport systems for seamless global connectivity.
8. **Education & Workforce Skilling:** Reforming education and skilling systems to prepare a future-ready workforce for the digital era.
9. **Diplomacy & Strategic Autonomy:** Strengthening India's global leadership through strategic partnerships and multilateral engagement.
10. **Youth Empowerment & Startups:** Harnessing youth innovation and fostering a thriving startup ecosystem for national development.

WHY THESE PILLARS MATTER?

These pillars represent the multi-dimensional approach India needs to follow to realize its vision of becoming a developed nation by 2047. From transforming governance systems to embracing technological innovation and fostering global leadership, the BHARAT 2047 conference will discuss how each of these pillars can be fortified to build a stronger, more prosperous India.

This concise yet comprehensive description of the Pillars of Focus will provide conference attendees with a clear understanding of the core areas of discussion and strategic importance in shaping India's path to 2047. Let me know if you would like further refinement!

EXPECTED OUTCOMES

- A strategic roadmap for India's growth as a global leader in governance, technology and security.
- Policy recommendations for sustainable development, economic resilience, and global competitiveness.
- Strengthened youth and startup engagement in nation-building.
- Frameworks for enhancing India's global role in diplomacy, technology, and defense.

WHAT THE CONFERENCE OFFERS ?

The BHARAT 2047: Policy, Governance & Technology for a Global Superpower conference is not just an event—it's a strategic platform to shape national vision, foster dialogue, and enable collaboration across every critical domain of India's transformation. Designed for policymakers, technologists, academics, investors, entrepreneurs, civil society, and youth leaders, the conference delivers a unique blend of insight, access, and influence.

Visionary Keynotes & Strategic Spotlights

Experience high-level keynotes and spotlight addresses from:

- Union Ministers, Chief Secretaries, and Constitutional authorities
- International diplomats and global strategic advisors
- Eminent scientists, technologists, and institutional leaders

These sessions will set the tone for India's 2047 roadmap, offering clarity on the nation's priorities in governance, digital infrastructure, defence innovation, and global partnerships.

Youth Forums & Innovation Sessions

India's demographic dividend is its greatest asset. The conference will:

- Host interactive Youth Leadership Forums
- Feature startup showcases, unicorn founders, and edtech disruptors
- Provide space for young policymakers, entrepreneurs, and changemakers to present their ideas for Viksit Bharat

These platforms will bridge vision with execution and connect grassroots innovators with national leaders.

Policy Insight Sessions & Sectoral Roundtables

Deep-dive sessions will cover:

- Emerging tech and cybersecurity
- Economic diplomacy and financial sovereignty
- Urban infrastructure and green energy
- Public service delivery, education, and health reforms

Experts, government officials, startup founders, and civil society voices will come together in cross-sector roundtables to generate actionable recommendations for national and state institutions.

Curated Networking & Leadership Dialogues

The conference is structured for meaningful connections, including:

Minister–Industry closed-door conversations

State–Startup collaboration tracks

Delegate meetups, awards dinner, and cultural showcases

Leadership lounges and networking zones for stakeholders

From B2B to B2G, every segment of the ecosystem will have the opportunity to forge impactful partnerships.

WHO SHOULD ATTEND?

This national conference is curated to bring together high-impact leaders, institutions, and change-makers who are shaping the future of Bharat. Delegates and attendees will span sectors, disciplines, and generations to ensure rich dialogue and action-oriented outcomes.

Government & Policy Leadership

- Union Ministers and Cabinet Secretaries
- Chief Ministers, Principal Secretaries, and State Commissioners
- IAS, IPS, and IFS officers
- Members of Parliament and Legislative Assemblies
- Senior officials from NITI Aayog, MeitY, MoSPI, MoD, and MoF

Investors & Financial Sector

- Venture capital and sovereign funds
- Development banks, green finance experts, and innovation fund managers
- Public-private partnership strategists

Think Tanks & Academia

- Public policy researchers, economists, and institutional scholars
- Faculty and students from premier institutions (IITs, IIMs, NLUs, etc.)
- National and international think tanks (e.g., CPR, NIPFP, ORF, Brookings)

Public Sector & Civil Services

- Heads of PSUs like NTPC, ONGC, Indian Railways
- Urban Local Bodies, Smart Cities Mission, CivicTech innovators
- iGOT and Mission Karmayogi leaders

Industry & Technology Leaders

- CEOs, CXOs, and innovation heads from leading tech and infra companies
- PSU chairpersons and government-owned enterprise leadership
- Startup founders and digital public infrastructure innovators
- Industry associations (CII, FICCI, ASSOCHAM, NASSCOM)

Youth & Future Leaders

- Youth Parliament members, fellows, and student leaders
- Civil service aspirants, entrepreneurs, and scholars
- Delegates from Young India Fellowship, PMRF, PMGKY

Diplomats & Global Institutions

- Ambassadors, High Commissioners, and foreign affairs envoys
- Representatives from UN agencies, World Bank, IMF, ADB, EU
- Multilateral and regional institutions supporting governance and innovation

Media & Strategic Communicators

- Senior editors, public commentators, and media professionals
- Strategic communications agencies and public affairs advisors
- Government outreach and PR strategists

ABOUT THE HOST

The **Global Counter Terrorism Council (GCTC)** is a premier international think tank focused on shaping global policy and strategic responses to contemporary challenges in **counterterrorism, national security and international relations**. Founded with the mission to promote peace, security, and stability in the global order, GCTC works tirelessly to build collaborations between governments, policy experts, civil society, and private sectors to address the evolving security landscape.

With a commitment to fostering **inclusive dialogues** and **multidisciplinary approaches**, GCTC has become a leading voice in the **counterterrorism and international security domains**. The organization is known for its **research-driven approach**, offering **data-backed insights, policy recommendations** and **innovative solutions** to the most pressing security and governance issues facing the world today.

In addition to its focus on counterterrorism, GCTC plays a key role in organizing high-level conferences, seminars, and dialogues that bring together global leaders to discuss **emerging technologies, sustainable development, international diplomacy and public policy**. GCTC's events serve as forums for fostering **strategic partnerships, capacity building** and the **exchange of ideas** that drive **progressive change** across governments and institutions.

BHARAT 2047: POLICY, GOVERNANCE & TECHNOLOGY FOR A GLOBAL SUPERPOWER is the latest in a series of landmark conferences organized by GCTC. This event aligns with our broader mission to support India's strategic aspirations by **shaping a future of inclusive growth, technological leadership and global diplomatic influence**. By leveraging our expertise and global network, GCTC is committed to facilitating transformative discussions that pave the way for **India's emergence as a global superpower by 2047**.

Through this conference, GCTC aims to contribute to shaping policies and partnerships that will position India as a leader in governance, security, technological innovation, and sustainable development on the world stage.

Our Mission

GCTC aims to:

- Advance India's leadership in counter-terrorism, governance reform, and digital sovereignty
- Serve as a bridge between policymakers, academia, youth, industry, and civil society
- Generate actionable knowledge through policy dialogues, whitepapers, and strategic consultations
- Support India's role in shaping a secure, inclusive, and technologically advanced global order

Our Impact So Far

250+ national and international conferences

400+ policy reports and strategic whitepapers

300+ senior stakeholders engaged across government, defence, academia, and civil society

15,000+ youth leaders and fellows reached through capacity-building and public events

Strategic partnerships with think tanks, ministries, missions, and universities in India and abroad
